# Who We Are

Knight Electric Inc. partners with general contractors, municipalities, developers, and private owners to deliver reliable electrical systems across a broad spectrum of construction sectors. Our self-performance model ensures cost certainty, schedule control, and uncompromised quality from groundbreaking to final energization.

We maintain a comprehensive fleet of heavy equipment and specialized electrical installation tools, enabling us to mobilize rapidly and execute without dependency on third-party contractors. This vertical integration translates to streamlined communication, reduced schedule risk, and consistent quality across every phase of construction.

Our commitment extends beyond technical excellence. Every Knight Electric project is built on a foundation of safety, integrity, and professional accountability—values that have earned us lasting partnerships with industry leaders throughout the region.

### Full-Scope Execution

## ● CAPABILITIES Scope of Services

Knight Electric delivers comprehensive electrical construction and civil services, from site development through final commissioning.

### Electrical Construction

- Commercial, Residential & Industrial electrical
- Power distribution systems & switchgear
- Panel boards & transformer installations
- Fire alarm systems & low-voltage
- Industrial motors, VFDs & equipment wiring
- Renovations, expansions & new construction

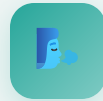

### Sports Lighting & Recreation

- Concrete foundations & pole setting
- Feeder trenching & conduit systems
- LED sports lighting installations
- Lighting controls & programming
- Scoreboards & PA system wiring
- Musco Lighting certified installer

### Civil & Site Work

- Excavation & sewer systems
- Water & electric line trenching
- Land clearing & grading
- Hauling of dirt, rock & waste
- Duct banks & conduit systems
- Manholes, vaults & pull boxes

### HVAC Services

- Residential HVAC installation, replacement & service
- Commercial HVAC systems (RTUs, split systems & controls)
- Industrial ventilation & large-scale HVAC support
- Preventive maintenance programs & seasonal tune-ups
- Troubleshooting, diagnostics & repair services
- Ductwork, air distribution & airflow balancing

A selection of completed projects demonstrating our range of capabilities and commitment to excellence.

## Sports Lighting

### Bowling Green Hot Rods Stadium

#### Bowling Green Hot Rods Stadium

📍 Bowling Green, KY

Minor League Baseball stadium lighting installation, complete sports lighting package.

✓ Professional-grade field illumination

### Western Kentucky University

#### Western Kentucky University

📍 Bowling Green, KY

Soccer and softball field lighting systems, LED upgrades, control programming.

✓ NCAA compliance achieved

### Daviess County Ball Fields

#### Daviess County Ball Fields

📍 Daviess County, KY

Soccer, baseball, football, softball — multi-field sports lighting complex.

✓ Comprehensive county athletics

## Sports Lighting (Continued)

### City of Portland – Richland Park

#### City of Portland – Richland Park

📍 Portland, TN

Soccer and baseball field lighting, foundations, pole setting, controls.

✓ Municipal recreation upgrade

### City of Elizabethtown

#### City of Elizabethtown

📍 Elizabethtown, KY

Babe Ruth baseball field lighting installation and controls.

✓ Youth athletics support

### Owensboro Rash Stadium

#### Owensboro Rash Stadium / Shifley Park

📍 Owensboro, KY

Stadium and park lighting package with A&K Construction.

✓ Multi-venue completion

## Sports Lighting (Additional)

### Kirklevington Pickleball

#### Kirklevington Pickleball Lighting

 Lexington, KY

City of Lexington pickleball court lighting with E-Tech Consultants.

✓ Recreation facility enhancement

### Clay County Baseball & Softball

#### Clay County Baseball & Softball

 Clay County, KY

Baseball and softball field lighting with Codell Construction.

✓ County athletics improvement

### Russellville Little League

#### City of Russellville Little League

 Russellville, KY

Little League field lighting with Musco Lighting systems.

✓ Youth sports partnership

## Industrial & Manufacturing

### LG Chem EV Battery Plant

#### LG Chem EV Battery Plant

 Clarksville, TN

Fire alarm systems for \$3.2B EV battery cathode facility — Tennessee's largest foreign investment.

✓ Active major project

### Novelis Aluminum Recycling

#### Novelis Advanced Recycling Center

 Guthrie, KY

Complete electrical for world's largest aluminum recycler — 400,000 SF automotive plant.

✓ Sustainable manufacturing

### Q&B Foods (Kewpie)

#### Q&B Foods (Kewpie) Plant

 Clarksville, TN

Complete electrical for \$65M Japanese food manufacturing — 160,000 SF condiment production.

✓ International food production

## Industrial & Manufacturing (Continued)

### EverZinc

#### EverZinc Chemical Plant

 Clarksville, TN

Industrial electrical work for global zinc specialty chemical manufacturer — zinc oxide production facility.

✓ Chemical plant expertise

### Airgas (Air Liquide)

#### Airgas (Air Liquide) Expansion

 Clarksville, TN

Ongoing expansion electrical work for leading industrial gas supplier — facility growth project.

✓ Active expansion project

### Tennova Healthcare

#### Tennova Healthcare

 Clarksville, TN

Hospital electrical systems for 270-bed acute care facility serving Middle Tennessee.

✓ Healthcare facility expertise

## Educational & Institutional

### Austin Peay State University

#### Austin Peay – Dunn Center

 Clarksville, TN

Lighting and electrical systems for 132,000 SF athletic facility — 7,257-seat arena complex.

✓ Higher education project

### Austin Peay Dining Hall

#### Austin Peay – Dining Hall

 Clarksville, TN

Complete lighting and electrical installation for campus dining facility serving 10,000+ students.

✓ Campus infrastructure

## Plant Maintenance & Ongoing Services

### Logan Aluminum

#### Logan Aluminum

 Russellville, KY

Continuing plant maintenance, equipment foundations, modifications, design/build services.

✓ Long-term partnership

### Musco Sports Lighting

#### Musco Sports Lighting Partner

 Regional Coverage

Certified installer for Musco Lighting systems across multiple states markets.

✓ Industry partnership

# Equipment Inventory

Our comprehensive fleet enables rapid mobilization and self-performance without third-party dependencies.

## Heavy Equipment

- Excavators (Mini to Mid-Size)
- Skid Steers & Track Loaders
- Trenchers & Vibratory Plows
- Compaction Equipment
- Dump Trailers & Hauling

## Aerial & Lifting

- Boom Lifts (up to 125 ft)
- Scissor Lifts
- Material Handlers
- Crane Services Available
- Pole Setting Equipment
- Bucket Trucks

## Electrical Tools

- Wire Pulling Systems
- Cable Tuggers & Feeders
- Hydraulic Benders
- Threading & Cutting Equipment
- Testing & Metering Instruments

## Support Fleet

- Service Trucks & Vans
- Flatbed & Equipment Trailers
- Enclosed Tool Trailers
- Generators & Temp Power
- Mobile Office Capability

# Additional Services

## Plant Maintenance

- › Continuing Plant Maintenance
- › Plant Modifications
- › Equipment Foundations
- › Equipment Setting
- › General Repairs
- › Office Modifications

## Project Support

- › Design/Build Services
- › Estimating & Bid Preparation
- › Value Engineering
- › Schedule Coordination
- › Submittal Management
- › As-Built Documentation

## Emergency Services

- › 24/7 Service Response
- › Storm Damage Restoration
- › Emergency Power Setup
- › Troubleshooting & Repairs
- › Temporary Power Systems
- › Testing & Commissioning

# Why Knight Electric

1

## Self-Performance Strength

Our own crews and equipment execute the work—no waiting on subcontractors, no finger-pointing, no schedule gaps.

2

## Schedule Control

Critical path tasks stay moving. Our vertical integration means faster mobilization and reliable milestone achievement.

3

## Budget Discipline

Field-smart decisions reduce rework and change orders. We build it right the first time.

4

## Communication Culture

GC partners trust our clarity. Proactive updates and transparent coordination keep projects aligned.

5

## Equipment Ready

Full fleet mobilization without delay. We don't wait—we execute with our own resources.

6

## Solutions, Not Excuses

When challenges arise, we solve problems in the field and keep projects on track.
